Corns Peel Right Off With "Gets-It"

2 Drops, and the Corn is a "Goner!" When you've got to walk on the sides of your shoe to get away from those awful corn-pains, there's only one common-sense thing to do. Put

or 3 drops of "Gets-It" on the cornight away. Pain and inflammation will disappear, the corn will begin to shrivel from that instant — then it loosens and falls right off.

There's no other corn-remover in world that acts like "Gets-It." the world that acts like "Gets-It."

No new discovery has been made in corn-removers since "Gets-It" was born. Don't forget that fact. "Gets-It" does away forever with the use of salves that irritate, bandages that restee hundle of your tog players. or salves that irritate, buildages that make a bundle of your toe, plasters that half do the work, knives and scissors that draw blood. Use "Gets-It"—no more digging or cutting. "Gets-It" is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

from the basement to the top of the big dome.

When the Industrial Trust company took over the business of the Niantic bank, they considered the renovation of the banking house, but James M. Pendleton, who became their local manager, influenced the company to postpone these alterations with the hope that the business might development to such an extent that a new banking house might be erected. Plans were discussed four of five years ago for such a building, but they did not materialize until about two years ago. The plans submitted by Stone, Carpenter and Sheldon of Providence were adopted. The New England Granite they having carefully figured several times the cost of the different plans, and finally furnishing a very low bid for the work. Thus Mr. Pendleton, who has been on the building committee of nearly all the recently construct. tee of nearly all the recently constructed public buildings in Westerly, has the satisfaction of seeing the town get a thoroughly built fire proof structure built of material that he is justly proud of, and executed in the highest degree of workmanship and design.

The prevention of future wars is its object. Mr. Littlefield was introduced by James M. Pendleton, president of the Westerly Board of Trade. Cured by a Simple Remedy

Columbus, Ga. "I am telling everybody what Vinol has done for my
husband. He had a bronchial cough,
his system was run-down, and I felt
sure he would die. His father insisted on his trying Vinol, and I am
so thankful he did, because it cured
his cough and built him up. My doctor highly recommends it and said he
could not take anything better." Mrs.
Thomas Monk.

Vinol, you know, contains beef and
cod liver peptones, iron and manga-

cod liver peptones, fron and manga-nese peptonates and glycerophos-phates. It enriches and revitalizes the blood and conveys to the system the vital elements necessary to strengthen the best and throw off the disease. That is the reason it was so successful in Mr. Monk's case.

Anyone in Norwich who has bronchitis, a chronic cough, or needs building up, may try a bottle of Vinol, with the understanding that his money will be returned if he is not satisfied.
